ance Notes on Codes and Abbreviations" appearing at the begin-
ning of each regular issue of the PCT Gazette.

(54) Title: DATA DELIVERING SYSTEM, DATA ACQUISITION DEVICE, WRITING DEVICE, DATA ACQUISITION PRO-
GRAM, DATA ACQUISITION METHOD, RECORDABLE MEDIUM, DATA DELIVERING DEVICE AND CONTENT DELIV-
ERING SYSTEM

(57) Abstract: A user terminal (5-N: Fig. 1) receives karaoke data from a Web server (1: Fig. 1). A writer (7-N: Fig. 1) writes the karaoke data as received by the user terminal (5-N) to a memory cartridge (13: Fig. 2). In this case, the writer (7-N) can only be written once in an area of the storage areas of the memory cartridge (13) in which data is not written yet. The system program is initially stored in the memory cartridge (13). Accordingly, a data delivery system can be realized with a high degree of security and with ease, but without resort to the prepaid system.
